This is going to be one heck of a steer. The genetics are off the charts and possibilities are unlimited with exceptional horn growth top and bottom. With Tuff Chex genetics at over 101 TTT and Allens 239 sitting at 90.125 TTT and expected to hit the 91 barrier it's going to be fun watching him turn into the outstanding steer he is destined to become. This one can't grow up fast enough to be put to work in the front pasture as lawn art.

TTT: 39.2500 on 10/08/2019
